Notes to editors

The Anguilla Red Cross helps people in crisis, wherever and whenever they are, with impartiality. We are part of a global voluntary network, responding to conflicts, natural disasters and individual emergencies.

We enable vulnerable people in the community to prepare for and withstand emergencies in their own homes. And when the crisis is over, we help them to recover and move on with their lives.

The Anguilla Red Cross has a special role as an independent body in the humanitarian field. It co-operates with and assists the Anguilla government in the promotion, dissemination and implementation of international humanitarian law.

In the event that we raise more money than can be reasonably and efficiently spent, any surplus funds will be used to help us prepare for and respond to other humanitarian disasters either overseas or here in the Anguilla. For more information, visit redcross.ai or redcross.org.uk
